

University of California, Irvine Study Information Sheet

AHEAD Diversity Recruitment

Lead Researcher

Melanie Tallakson, DNP, FNP-C
Nurse Practitioner, UCI Memory Impairments and Neurological Disorders
(949) 824-6625 and mtallaks@uci.edu

Faculty Sponsor

Joshua Grill, PhD
Associate Professor,
Department of Neurobiology and Behavior
(949) 824-5905 / jgrill@uci.edu

- Please read the information below and ask questions about anything that you do not understand. A researcher listed above will be available to answer your questions.
- You are being asked to participate in a research study. Participation in this study is voluntary. You may choose to skip a question or a study procedure. You may refuse to participate or discontinue your involvement at any time without penalty or loss of benefits. You are free to withdraw from this study at any time. **If you decide to withdraw from this study you should notify the research team immediately.**
- We would like you to complete pre/post surveys to learn more about your attitudes about clinical trials research. Completion of the survey will last about 15 minutes for each survey.
- Possible risks/discomforts associated with the study are
 - Potential for a breach of confidentiality
 - Embarrassment/social stigma
- There are no direct benefits from participation in the study. However, this study may explain factors that predict participation into clinical trials by minority groups.
- You will be entered into a raffle for multiple \$50 gift cards at the end of the presentation. Winners will be chosen at random. You are not guaranteed to win any prize in the raffle drawing. The chances of winning depend on the number of participants who enter the raffle (e.g., no less than 1 in 1,000). You do not have to take the pre/post survey to participate in the raffle.
- All research data collected will be stored securely and confidentially on a secure network in an encrypted file with password protection.
- *Future Research Use*
Researchers will use your information to conduct this study. Once the study is done using your information, we may share them with other researchers so they can use them for other studies in the future. We will not share your name or any other private identifiable information that would let the researchers know who you are. We will not ask you for additional permission to share this de-identified information.
- Questions? If you have any comments, concerns, or questions regarding this study please contact the researchers listed at the top of this form.

- If you have questions or concerns about your rights as a research participant, you can contact the UCI Institutional Review Board by phone, (949) 824-6662, by e-mail at IRB@research.uci.edu or at 160 Aldrich Hall, Irvine, CA 92697-7600.

What is an IRB? An Institutional Review Board (IRB) is a committee made up of scientists and non-scientists. The IRB's role is to protect the rights and welfare of human subjects involved in research. The IRB also assures that the research complies with applicable regulations, laws, and institutional policies.
